RE: Soil Stockpile 3 WAC
Attainment Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) soil Stockpile 3 Waste Acceptance Criteria (WAC) attainment report.

This report provides data which supports the conclusion that the material in soil Stockpile 3 meets the WAC for the On-Site Disposal Facility.

The document appears adequate and is consistent with other similar documents. Therefore, U.S. EPA approves report and soil Stockpile 3 can be placed in the OSDF.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
